## RIVA / VORTECH STX-15F SUPERCHARGER KIT

Our race bred Supercharger System for the Kawasaki STX-15F contains all necessary engine components to produce the ultimate 80mph closed course race craft. Kit contains the same specifications that Team Kawasaki won two 2004 Pro Runabout World Titles with. System produces over 300hp using VP MS109 race fuel (Jet X). Kit includes Vortech Supercharger & Intercooler Forged Racing Pistons, Free flow Exhaust Kit, Race programmed ECU, High volume Injectors & Fuel Pump along with all necessary hardware and detailed installation instructions.

71 MPH @ 8,100

## RIVA STX-15F OFFSHORE RACE KIT

Our Offshore Racing Kit for the Kawasaki STX-15F contains the same components and specifications that Team Kawasaki developed to dominate the international racing circuit. This modification delivers over 200hp producing awesome acceleration and a top speed of over 700mph using VP MS109 race fuel (Jet X). Kit includes high compression racing pistons, performance intake & exhaust cam shafts, Race programmed ECU along with all necessary gaskets and detailed installation instructions.
